SCCHS - School Community Council

In January 2025 the Swift Current Comprehensive High School – School Community Council launched a fundraising initiative to help with the schools nutrition program.

Nutrition is essential for the health and academic success of students. We are finding that many of our students face challenges in accessing meals. On average our nutrition program cost upwards to \$2000 monthly to ensure that students have a meal. Donations will go towards purchasing fresh produce and other health food options for students and will assist with our current nutrition program.

For more information on the program, please reach out to scchs_school@chinooksd.ca

Thank you to the following who have donated!
